Olalekan Ajiboye

Software Engineer · AI · Cybersecurity · Backend & Systems

Lagos, Nigeria · 08127505152 · Olalekanajiboye697@gmail.com

PROFESSIONAL SUMMARY

Software engineer with hands-on experience building AI-powered applications, cybersecurity systems, backend services, mobile applications and real-time platforms. Experienced with Python, JavaScript/TypeScript, Java, Flutter, FastAPI, React, Next.js, PostgreSQL, Redis, Docker and modern cloud-native development workflows.

TECHNICAL SKILLS

Languages	Python, JavaScript, TypeScript, Java, Dart, Bash
Backend	FastAPI, Node.js, REST APIs, WebSockets, SQLAlchemy, Alembic
Frontend	React, Next.js, Vite, HTML, CSS
Mobile	Flutter, Dart
AI / ML	Whisper, PyTorch, Machine Learning, Computer Vision, Speech Processing
Cybersecurity	Threat Detection, Application Security, XSS, SQL Injection, Command Injection, Cryptography, End-to-End Encryption
Databases & Infrastructure	PostgreSQL, SQLite, Redis, Docker, Linux, Git, FFmpeg, MAVSDK

EDUCATION

Federal Polytechnic, Ilaro — National Diploma · 2024

SELECTED PROJECTS

Aerion

Drone command and control platform for real-time telemetry, communication, mission management and operator-driven control.

AICDS

AI-driven cybersecurity system for detecting and analyzing potential cyber threats.

Aegis Shield

Application security framework for detecting, mitigating and alerting on XSS, command injection and first- and second-order SQL injection attacks.

Translive

AI transcription engine supporting real-time speech, uploaded videos and YouTube URLs.

Nyx

Secure messaging platform built around end-to-end encrypted communication and protected message storage.

Revia

Computer vision platform for damaged-image reconstruction, low-resolution enhancement and missing-region reconstruction.

Aurevia

Virtual university platform for structured academic programs and digital learning experiences.

Loctrack

Asset tracking and movement security platform.

Polfact

Public fact-checking platform for investigating claims and presenting structured fact checks.
